Hong-Ming 'Peter' Huang

Email: peterx7803@gmail.com

Education:

National Chiao Tung University (NCTU),

Institute of Electrical and Control Engineering   2016 - present

National Central University (NCU),

Department of Electrical Engineering   2012 – 2016

Yang-ping Senior High School (YPSH)   2008 - 2012

Research Interest:

Deep Learning, Text spotting, Semantic Segmentation

Selected Course:

Machine Learning, Embedded System & Mechatronics, Robotic Vision, Computer Vision, Image Processing

Research Project:

- Undergraduate research: 3D Modeling
  Using Kinect One to obtain depth information, processing data (Noise reduction, Smoothing) in the GUI I developed, and print out the model by 3D printer.

Programming language:

C/C++, Python, Matlab
